Sports Pools | 2023

by  ROSA
GRES

En **Rosa Gres** como fabricantes de **gres porcelánico**. Contamos con más de 50 años de experiencia y proyectos realizados en todo el mundo. **Sports Pools**, es nuestro catálogo dedicado a la piscina deportiva y de competición.

En esta edición, te presentamos los nuevos colores del acabado **Pastilla**, nuestro **antideslizante** más seguro y confortable. Además, encontrarás nuestra selección de **sistemas constructivos**, la colección **Aqua**, diseñada para la piscina deportiva, una completa gama de piezas especiales y nuestro gres porcelánico **anti-bacterias**, ideal para vestuarios. Y por supuesto, todos los colores **Rosa Gres**.

Como siempre, puedes contar con nuestro **equipo técnico** experto en piscinas. Te asesoraremos y podrás disfrutar de recreaciones detalladas de tu proyecto con tecnología **BIM**.

¡Gracias por estar aquí!

Rosa Gres is a **porcelain stoneware** manufacturing company. We have more than 50 years of experience and projects all over the world. **Sports Pools** is our catalogue dedicated to sports and competition pools.

In this edition, we present the new colors available for the **Pastilla** finish, our safest and most comfortable **anti-slip** surface. It also includes our different **construction systems**; the **Aqua** collection, designed especially for sports pools; a complete range of trim pieces; and our **antibacterial** porcelain stoneware, ideal for changing rooms. And, of course, the full range of **Rosa Gres** colors.

As always, you can count on the expertise of our team of **technicians** who specialize in swimming pools. We will be happy to advise you, and you will be able to enjoy detailed recreations of your project made using **BIM** technology.

Thank you for being here!

Rosa Gres est un fabricant de **grès cérame**. Nous avons plus de 50 ans d'expérience et nous réalisons des projets dans le monde entier. **Sports Pools** est notre catalogue spécialisé dans les piscines sportives et de compétition.

Dans cette édition, nous vous présentons les nouveaux coloris de notre finition de revêtement **Pastilla**, notre **anti-dérapant** le plus sûr et le plus agréable. Vous trouverez également dans ce catalogue notre sélection de **systèmes de construction**, ainsi que la collection **Aqua**, conçue pour les piscines sportives, plus une gamme complète de pièces spéciales et notre grès cérame **antibactérien**, idéal pour les vestiaires. Sans oublier bien sûr tous les coloris de **Rosa Gres**.

Comme toujours, vous pouvez compter sur notre équipe technique spécialiste des piscines. Nous vous conseillons et vous proposons des simulations détaillées de votre projet grâce à la technologie **BIM**.

Merci de nous suivre !

La cerámica que elimina las bacterias

La única solución de autoprotección total.
Gres Porcelánico + Junta de Colocación

Funciona 24 h en interiores y exteriores

Funciona con luz artificial, con luz natural y en completa oscuridad.

Autoprotección total y permanente

La acción auto protectora es permanente y 100% segura. No necesita ningún tratamiento posterior ni mantenimiento para funcionar.

Eficacia probada contra las bacterias

Evita al 100% la proliferación de bacterias como: **Staphylococcus Aureus, Escherichia Coli, Proteus Vulgaris, Salmonella typhi, Enterococcus Faecalis, Streptococcus Pyogenes, Bacillus** o **Listeria Monocytogenes**

Es gres porcelánico industrial Rosa gres de alta calidad

Su proceso de fabricación garantiza que todas las propiedades del gres porcelánico industrial Rosa Gres se mantienen intactas.

No es tóxico para la salud

Es totalmente inocuo para la salud humana.

Reduce los olores

Evita los malos olores que pueda provocar los depósitos de microorganismos en las superficies.

Ceramic tile that eliminates bacteria

The only total self-protection solution: porcelain ceramic tile and sealing grout

Works 24 hours indoors and outdoors.

Works in artificial light, natural light and total darkness.

Total and permanent self-protection.

Self-protection is permanent and 100% safe. It does not require any treatment or maintenance.

Proven efficacy against bacteria.

Prevents 100% of bacteria growth such as: **Staphylococcus Aureus, Escherichia Coli, Proteus Vulgaris, Salmonella Typhi, Enterococcus Faecalis, Streptococcus Pyogenes, Bacillus** and **Listeria Monocytogenes**.

Rosa Gres high-quality industrial porcelain stoneware.

The manufacturing process guarantees that all the properties of Rosa Gres industrial porcelain stoneware are maintained.

Not toxic to health.

Completely harmless to human health.

Reduces odors.

Prevents unpleasant odors caused by the accumulation of microorganisms on surfaces.

La cerámica que elimina las bacterias

La solución exclusiva d'auto-protección total: grès cérame et joint de pose

Fonctionne 24 heures à l'intérieur et à l'extérieur

Il Fonctionne à la lumière artificielle, à la lumière naturelle et dans l'obscurité totale.

Auto-protection totale et permanente

L'action auto-protectrice est permanente et sûre à 100%. Aucun post-traitement ou entretien n'est nécessaire pour fonctionner.

Efficacité prouvée contre les bactéries

Évite à 100% la prolifération de bactéries telles que : **Staphylococcus aureus, Escherichia coli, Proteus Vulgaris, Salmonella Typhi, Enterococcus faecalis, Streptococcus pyogenes, Bacillus, Listeria monocytogenes**

Grès cérame porcelaine industriel de haute qualité

Son processus de fabrication garantit que toutes les propriétés du grès cérame industriel Rosa Gres restent intactes.

Non toxique pour la santé

Totalement inoffensif pour la santé.

Réduit les odeurs

Évite les odeurs désagréables causées par les dépôts de microorganismes sur les surfaces.

Ideal cuando se dispone de poco espacio de playa y se requiere: coste reducido, garantía de estanqueidad, gran capacidad de canal y facilidad de colocación.

This is ideal if you have a limited pool deck area and require a low price, guaranteed watertightness, a highcapacity channel, an easy installation and a wide range of colors.

Idéal lorsque l'on dispose de peu d'espace pour la plage. Parmi les nombreux avantages: coût réduit, garantie d'étanchéité, grande capacité de canal, pose facile et large gamme de couleurs.

Aquaworld | Concorezzo, Italy | Architect: Federico Pella

Rejilla Flex | Flex Grid | Grille Flex

Su estructura en forma de trapecio evita el puente de agua incluso cuando está mal colocada. Facilita la reposición de piezas sueltas. Permite realizar curvas a partir de un radio de 75 cm.

Trapezoidal structure allows for perfect water flow even when poorly laid. Loose pieces can be easily repositioned. It can be used to create curves with a radius of more than 75 cm..

Sa structure trapézoïdale permet une parfaite évacuation de l'eau. La mise en place de pièces de remplacement est simplifiée. Permet de réaliser des courbes à partir d'un rayon de 75 cm.

Rejilla Compact | Compact Grid | Grille Compact

Consiste en una sola pieza fabricada sin adhesivos. Al colocarla queda totalmente integrada con el borde. El desagüe se realiza a través de un sistema de orificios laterales apenas visible y con una capacidad óptima.

Composed of a single piece, without adhesives. Once in place, it blends in perfectly with the edge of the pool. The water is drained through side openings that are barely visible and have optimal capacity.

Elle consiste en une seule pièce, conçue sans adhésifs. Sa mise en place l'intègre totalement au débordement. Le drainage s'effectue à travers les mini canaux latéraux, à peine visibles mais d'une capacité optimale.

Piezas | Pieces | Pièces

Se recomienda el uso de la rejilla compact en piscina pública, únicamente si se utiliza junto con el bloque RS921 del Sistema Prestige

The use of the compact grid in public pools is recommended only if used together with the Prestige System RS921 block.

Il est conseillé d'utiliser la grille compacte dans une piscine publique uniquement en combinaison avec le bloc RS921 du Système Prestige.
